**Module Prerequisites**

Table 2 describes the prerequisite modules of the undergraduate Course. Due to the nature of "SLT\_801: Clinical Practicum in Speech and Language Therapy", it is necessary for students to have previously successfully completed the 19 core modules of the Speech and Language Pathology Undergraduate Course, listed in Table 3.

**Table 2. Relationship between successful completion of specific modules and prerequisite modules of the Speech and Language Therapy Undergraduate Course**

| <b>Prerequisite modules</b> |                        | <b>Modules with Prerequisites</b>                     |
|-----------------------------|------------------------|---|
| ▪                           | SLT_106                | • Voice Disorders                                     |
